

Instructions for allowing Pop-ups in Internet Explorer 8

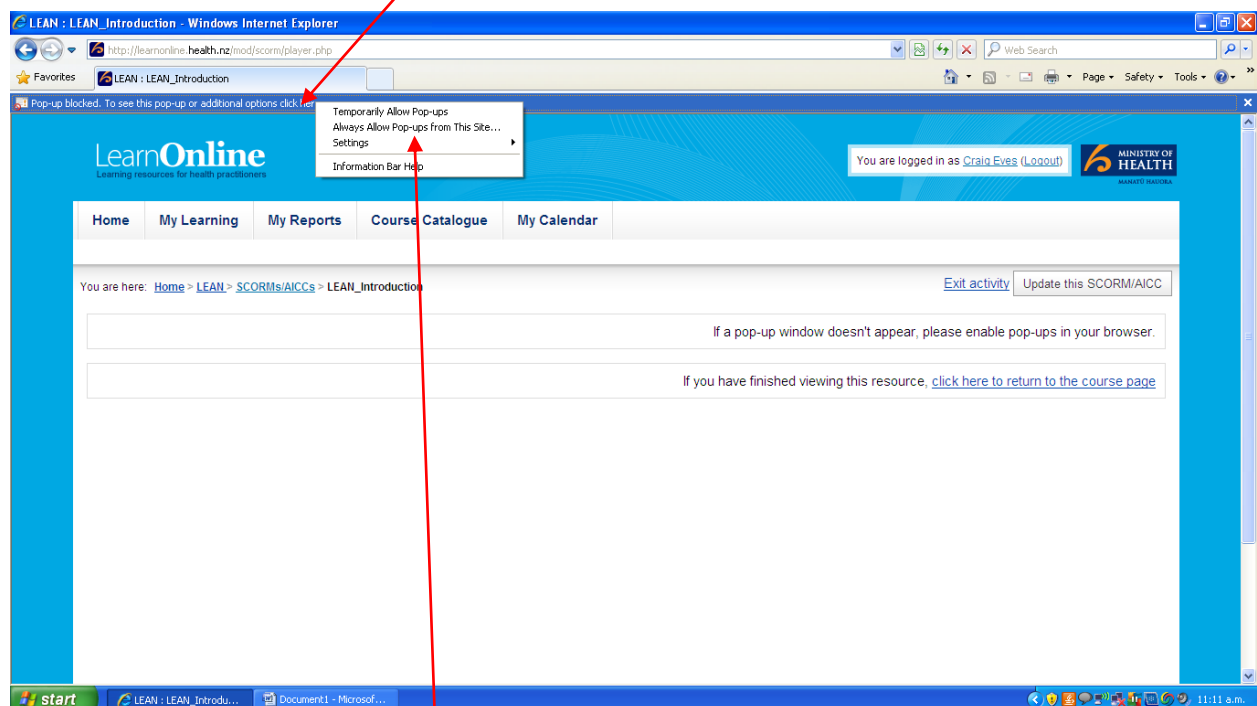

Introduction

When opening learning content that requires a new browser window (a popup) to be opened you may need to allow pop-ups in Internet Explorer 8

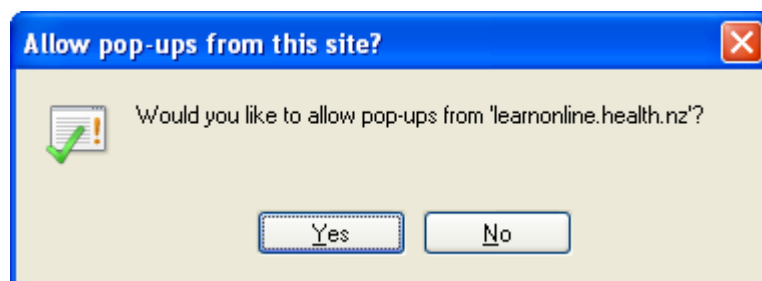

Allowing Pop-ups for the learnonline.health.nz site

If the following message comes up at the top of the site content.

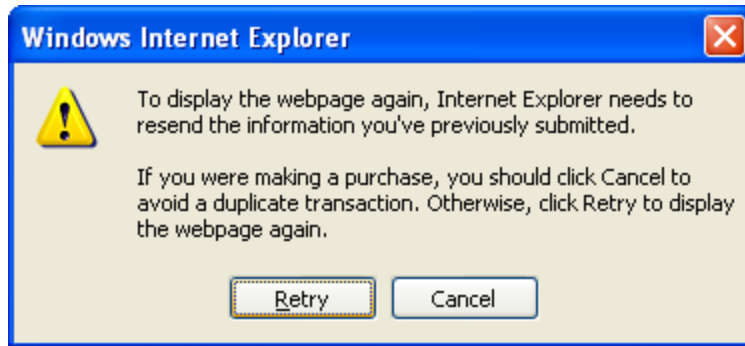

Popup blocked. To see the pop-up or additional options click here

Chose Always Allow Pop-ups from this site.

Select Yes

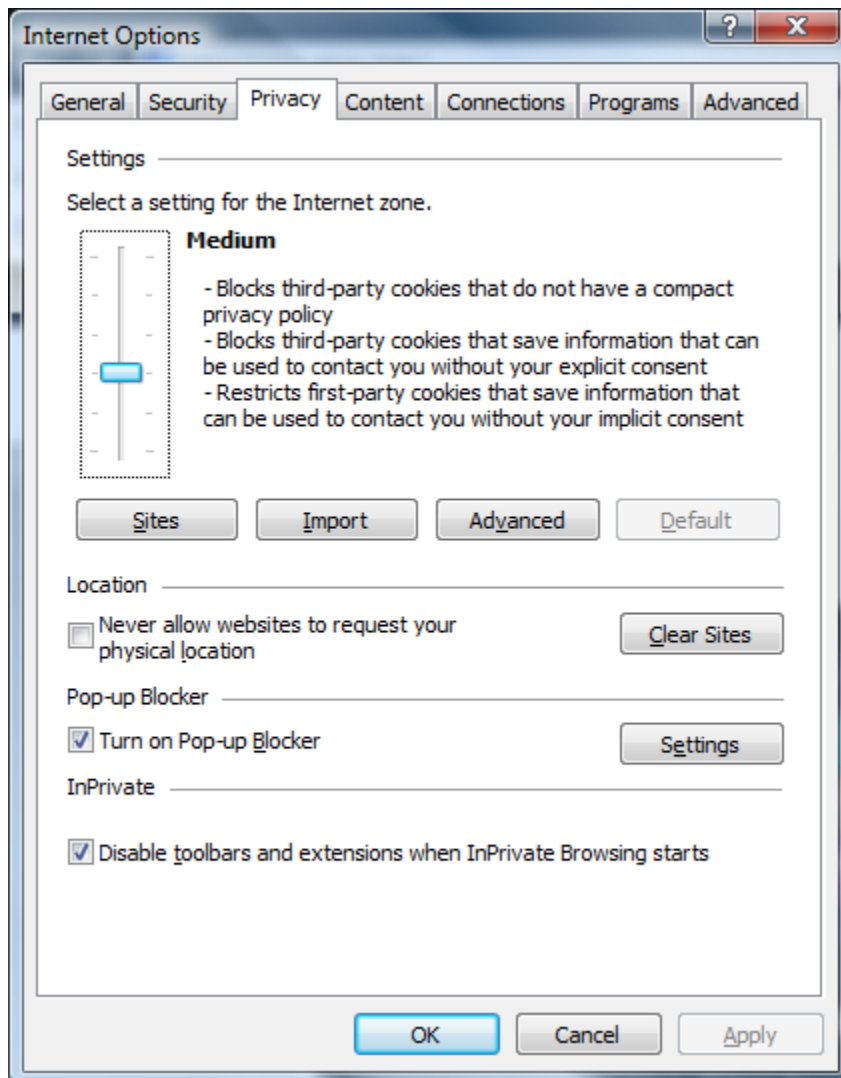

Select Retry and the content will display in a new window in Internet Explorer

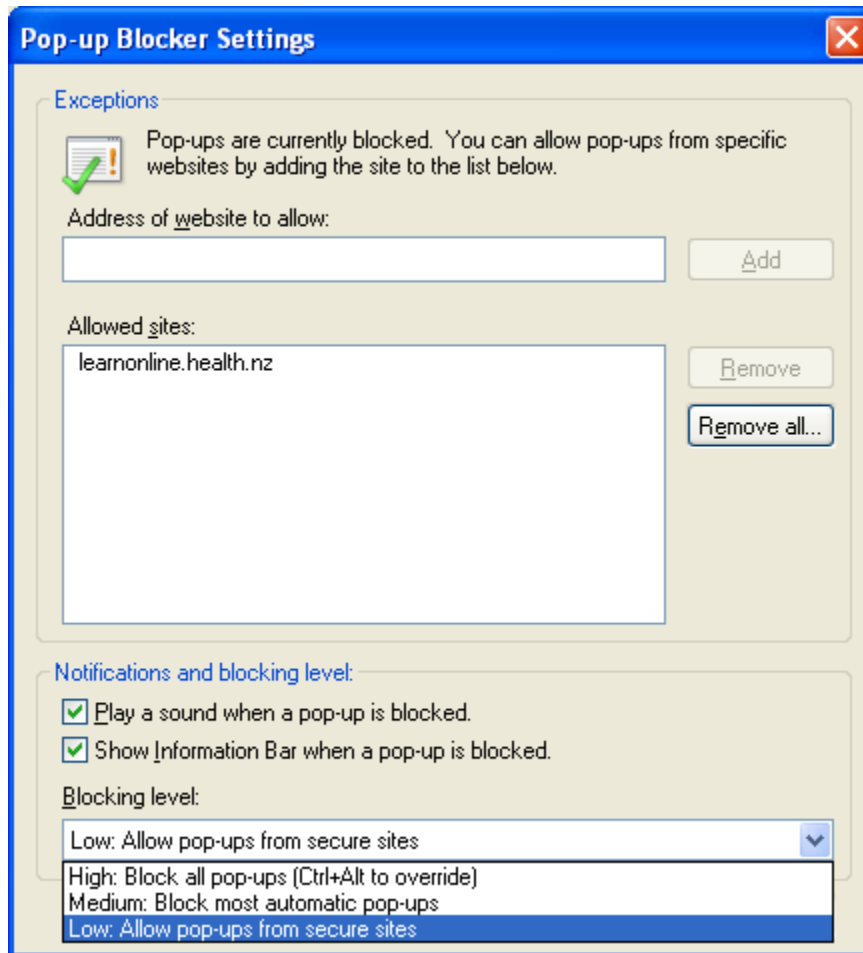

Please contact Healthonline@support.kineo.co.nz if you are having difficulties.

Checking Pop-up blocker settings

Select Tools > Internet Options > Privacy > Pop-up Blocker > Settings

The following settings should be chosen – include learnonline health as the address that is allowed

If all the settings above have been changed and the popup is still blocked then use the CTRL key while clicking on the activity link to force the popup window to open.
